

# PRICE LIST

# LevelC

The hydraulic levelling system for caravans

Prices valid from 01-08-2026

# LEVELC

Retail prices are **excl. VAT and assembly**.

Recommended retail price (RRP) is **excl. VAT and incl. installation and standard control (Art. 4100064)**.

The installation costs are calculated on the basis of approx. 8 working hours.

The prices **do not include transport costs**, which are variable and depend on the delivery conditions and place of delivery.

The **product kit price** includes the Multi-Functional-Power-Unit (MFPU), four corner jacks, two cylinders with connection brackets, and a standard control. Special controls, hose kits, and other parts need to be ordered separately and can be found under 'options'.

## PRODUCT KIT

| Description                                                                            | Chassis type | Bracket type                           | Article number | Retail price | RRP        |
|----------------------------------------------------------------------------------------|--------------|----------------------------------------|----------------|--------------|------------|
| LevelC complete system - 6 supports<br>incl. standard control (article nr.<br>4100064) | AL-KO        | Hexagonal 1000 kg axle front - Tandem  | 4101202        | 2.048,89 €   | 3.014,96 € |
|                                                                                        |              | Hexagonal 1500 kg behind axle - Single | 4100001        |              |            |
